

NEW 4 YEAR WARRANTY REPLACEMENT HOSE

New formulations, production methods, testing techniques and inspection routines have given Angus Hose the confidence to offer an **industry leading 4 year, "no quibble" replacement commitment** should a manufacturing fault arise from their new DRAGMASTER hose. You can be confident yourself with your investment when you ask for DRAGMASTER by name at **Rodney Industries**.

- Lowest drag
- Tightest arc
- Less storage
- Tested to 150% working pressure
- Cyclical pressure testing replicates operational conditions
- Unique serial number identifies hose to original yarn and rubber batch.
- Available in lengths up to 315 metres
- New formula hard rubber cover - exceptional UV, ozone & abrasion resistance

Our shelves are stocked ready to go, so call our sales team to place your order or find out more.
